I. **Announcements** – None

II. **Discussion**

**Christian Cherry reported on:**

- EDST 641 – UOCC approved. Will get clarification regarding page numbers in reading assignments.
- EDST 618 – There were some questions regarding the syllabus with page numbers for reading assignments, engagement hours, and what constitutes preparation for class.
- EDUC 630, 632, 634, 636, 673 – There were questions about the student engagement inventories, page numbers for reading assignments. EDUC 632 needs documents showing that there is no overlap with Philosophy courses. EDUC 634 needs some explanation as to the differences between it and EDUC 632, as it appears there may be duplications. EDUC 673 had questions regarding EDST 673. It wasn’t clear if these are multi-listed courses or if EDUC 673 was replacing EDST 673. Christian and Andy agreed to contact the department for answers. Andrew pointed out that the syllabi had outdated information with some of the statements such as “Documented Disability.”

**Chuck Kalnbach reported on:**

- HPHY 414/514 – UOCC approved
- HPHY 460 – SEI has total of 117 hours. Chuck will let them know they need to round up the 37 hours to 40 for course attendance/participation which is allowed due to courses routinely being dismissed 10 minutes early. UOCC approved.

Andy let the committee know that he looked over all HPHY courses and approved.

**Hal Sadofsky reported on:**

- LA 333 – UOCC approved.

**Jim Imamura reported on** a discussion at the Undergraduate Council meeting regarding the 400 level course being eligible for a multicultural listing. UG felt it was acceptable and advised UOCC that it could change the language in the curriculum procedures. UOCC members felt it warranted further discussion.

**Amalia Gladhart reported on:**

PD courses – The department has requested title/description changes but didn’t include the old description or the new one. Amalia will request that information. She also mentioned that PD 101 request for Arts and Letters justification may be a little light. Mike mentioned that there should be some changes in the prerequisite listings.
