II. Discussion

Discussion of 298 experimental group-satisfying course number. UOCC approves use of the 298 number for all subject codes for experimental group-satisfying courses. Jim Imamura will request through ICGER to accept this course number as temporary group-satisfying. Suggested changes to language below.

Temporary general-education group-satisfying courses will be numbered “100/298” for lower division credit and “300” for upper division credit. A course may be taught for general-education group-satisfying credit once using a “100/298” or “300” number if (a) a course proposal to obtain a permanent course number has been submitted for review, and (b) an initial review of this proposal by the ICGER committee determines its suitability for group-satisfying status. (Approved on May 11, 2011.) Amended February 18, 2014.

ARTF 370. Approved. Need to edit language on repeatability. Remove “R To obtain a better understanding of course material”. Suggest replacing with “R Repeatable thrice for a maximum of 16 credits.”
